

MAZZEI® INJECTORS

Mazzei® high quality, high efficiency PVDF injectors come with built-in check valves. They require minimal pressure differential between the inlet and outlets in order to create the vacuum at the suction port. Sizes available: 1/2" - 4" MNPT, 3/4"-4" BSPT.

MAZZEI® TURBO MIXER NOZZLES

These nozzels are made of durable PVDF and provide dynamic mixing under pressure that yield greater mass transfer. Sizes available: 1" - 4" BSPT and 6" flange.
